

PETERSBURG

YOUNG STEGROGRAPHER
ARRESTED FOR FORGERY

J. T. Forrester Is Held in Petersburg on Charge of Passing Bogus Check.

HIS HEARING IS POSTPONED

Large Consignment of Tobacco Is Shipped to New York for Export to European Ports—Police Preparing for Picnic.

PETERSBURG, VA., August 22.—J. T. Forrester, a young stenographer and typewriter, with an office in the basement of the Virginia National Bank Building, was arrested at a late hour last night on the charge of passing forged checks. Three of these checks, purporting to have been signed by J. Mason Hill, a well-known electrician of the city, had been passed upon different merchants and a check for \$100, purporting to have been drawn by the Kent Furniture Company, with whom the accused was at one time employed, was found on his person. Forrester is about twenty-two years old, and gave the police a run before being caught. In the Police Court the case was called this morning, but continued until Monday to allow all the witnesses present. The accused has been a resident for several years.

Tobacco for Export.

The British-American Tobacco Company made a large shipment of manufactured tobacco yesterday by the Old Dominion Line to New York, for export to European ports. A large consignment of leaf tobacco was also made yesterday by the Export Leaf Tobacco Company.

In the Interest of Temperance.

Mrs. Amy C. Welch, of Alexandria, State organizer of the Woman's Christian Temperance Union, is in the city to spend a week in the interest of the temperance cause. The Woman's Temperance Union in Petersburg is well organized, and has been doing active work in behalf of prohibition. Mrs. Welch will speak at Ocean Church, in Dinwiddie, tomorrow afternoon, and is expected to deliver one or more addresses in Petersburg.

The Police Picnic.

The police picnic, to be held at the Fair Grounds on Tuesday next, promises to be an event of unusual interest and enjoyment. The business men and people of the city will join in the pleasures of the day. The program embraces an elaborate dinner, with Brunswick stew, barbecued meat and lamb, Virginia ham, etc., trotting and motorcycle races, and other amusements, with fireworks, music and dancing in the evening.

Big Farmers' Convention.

The convention of peanut growers of the Southside Virginia and Eastern North Carolina, to be held in Suffolk on September 1-3, is expected to attract a great gathering of farmers. The peanut situation, including best method of marketing, prices, etc., is to be discussed, and it is expected some important actions will be taken. The convention is to be held under the auspices of the Farmers' Union, and officials of the union in both States will attend.

Personal and General.

Johnson, the leading pitcher of the Portsmouth baseball team, has been traded to the Petersburg team for Pitcher McKeltham and a money consideration. Johnson is expected to report to Petersburg at once.

Miss Virginia Lassiter, daughter of Mr. and Mrs. Charles T. Lassiter, had a narrow escape from serious injury yesterday afternoon. While driving on South Spotswood Street, her horse became frightened and ran away, colliding with a pole. Miss Lassiter was thrown and considerably bruised and shaken, but fortunately not seriously hurt.

ENTOMBMENT OF POPE
TAKES PLACE AT SUNSET

(Continued From First Page.)
that in which the body of the late Pope lies in state. The mass was celebrated by Monsignor Cephetelli, patriarch of Constantinople. This was the first of a series of services to be held at St. Peter's daily until August 27.

Cardinal Merry Del Val, papal secretary of state, is so grief-stricken over the death of the Pope that he scarcely attended to his official business. The appreciative praise of him in the Pope's testament has been a great consolation. Cardinal Della Volpe has instructed commanders of the patrol and other officials to guard every entrance to the Vatican to prevent any incident which might disturb the work of cardinals during the convalescence.

The party of the Left will have moderate success in the election of the Cardinals. The Cardinals of the Right, supported by Cardinals Agliardi, Della Chiesa, Ametis and Bourne, together with the Germans and the Austrians, will have a third party, that of the Centre, will have as candidates Cardinals Ferrata, Pompili, Serafino, Vannutelli and Gotti.

FORMALLY ANNOUNCED

TO MUNICIPALITY OF ROME
ROME, August 21.—The death of Pope Plus X was formally announced to the municipality of Rome today.

at 1:15 o'clock on the morning of August 20, 1914.

Twenty-three cardinals met today to arrange the temporary government of the church and prepare for the conclave in September to elect a new Pope.

Cardinals Martinielli and Di Pietro are ill and unable to be present. Cardinal Scarpin Vannutelli, dean of the Sacred College, attended but, being incapacitated by an indisposition, the duties of the dean were performed by Cardinal Agliardi.

After taking the oath to maintain secrecy, the cardinals performed the traditional ceremony of breaking the fisherman's ring. The ring, however, was not literally carried out. According to the rules of the Sacred College, the ring should be broken and later reset and presented to the new Pope. To-day, after each of the members present had identified the ring, it was found that none had the strength to break it, even though a hammer was employed. Aid was not permitted the presence of any one except the cardinals. The latter finally decided that the symbolical ceremony would be properly observed if the ring was not broken.

TESTAMENT OF LATE POPE PROVIDES FOR ORPHANS
It is learned that the testament of the late Pope provides for the maintenance of about 400 little ones made orphans by the earthquake at Messina and Calabria in 1908.

The Pope's sister, Anna, who collapsed when the Pontiff died, was better to-day, and inquired about the arrangements for the funeral on Saturday. She insisted upon kneeling in bed to pray for the departed soul.

The outer walls of all the churches are plastered with notices from Cardinal Pompili, vicar-general of the Holy See, stating that the chamberlain had given him officially the sad news of the death of Pope Plus X, on Thursday and instructed him to notify the faithful, and ordered that the bells in all the churches be tolled for one hour at sunset to-day and on Saturday. The clergy also are directed to say masses for the late Pontiff "recommending his blessed soul to God."

STATEMENT BY DOCTORS

CONCERNING HOUR OF DEATH
ROME, August 22.—Dr. Marchiafava, one of the two physicians who were at the death of Pope Plus X, has given the Associated Press this statement:

"The Pope died Thursday, August 20, about 1:15 in the morning.
"E. MARCHIAFAVA."
When informed of the death of the Pope, Dr. Marchiafava said he thought it his duty to inform the public that there are plenty of witnesses to the fact that the Pope died early Thursday morning. These include such outside and disinterested persons as Monsignor Calomino, former apostolic delegate in the United States, who at about midnight of Wednesday insisted upon entering the Vatican, the doors of which were closed. He was given admittance and remained in the Pope's bedroom for half an hour.

Dr. Andrea Amiel, the other physician in attendance, when told of the American report, said:
"I can give you the best of documents showing the irrefutable truth."
He produced his own written announcement of the death of the Pontiff to the Mayor of Rome, as follows:
"Most illustrious Sir and Mayor:
"It is my sorrow to inform you to-day, August 20, at the hour of 1:15 A. M., His Holiness, Pope Plus X, known secularly as Giuseppe Sarto di Riese, ceased to live in the Vatican Palace, from bronchial pneumonia, aged seventy-nine years. Dated August 20, 1914."

Prince Colonna, the Mayor of Rome, has ordered a special cover, richly bound and lined with satin, for the death certificate. It bears the Roman coat of arms in the center, and has the following inscription in silver letters:
"Death certificate of His Holiness Plus X. Expired August 20, 1914."

OFFICIAL ANNOUNCEMENT OF DEATH OF POPE PLUS X
WASHINGTON, August 22.—The apostolic delegate to the United States, Monsignor Bonzano, has addressed the following letter to the Catholic hierarchy of the country, giving the official announcement of the death of Pope Plus X:
"It is with deepest sorrow that I communicate to you the sad news of the death of our glorious Pontiff, Plus X. I am sure that the sorrow we feel is shared in by all the clergy and faithful of the United States.
"Plus X, reigned only eleven years, but the works that he accomplished in this short time clearly show that he was Divine Providence that it placed in his hands the government of the Universal Church.

"His condemnation of the modern method of attacking the Catholic faith, his defense of the rights of the church against the mighty ones of the earth, his regulations concerning sacred music and the recital of the Divine office, his recommendation of the human curia, and the undertaking of the codification of canon law, the reform of ecclesiastical seminaries, and finally the decree regarding frequent communion and the communion of children are deeds that testify to the eminence of his zeal and the nobility of his virtue. These glorious achievements will assure him his place among the most glorious Pontiffs of the Church of Christ.

"What adds to his glory is the fact that, while he was engaged in these laborious works, he ever preserved his calmness and serenity in spite of the severe trials that afflicted him in so many ways. His paternal love for all nations, especially for America, is known to all. His constant prayer was to see all nations at peace, and was grief over the sorrows that war inflicted upon his children that brought him to his grave. While Plus X will be known as the Pope of the People and the Pope of the Blessed Eucharist, future generations will proclaim him also the Pope of Peace.

"As in grief and sorrow we bow over the grave of this glorious Pontiff, let us pay him the worthy homage of our esteem and love by praying for the repose of his beautiful soul. Let us also pray for the speedy accomplishment of his dying wish—the end of war, and peace among all nations. Finally, let us not forget to pray that God may

Don't Let a Cold Settle on Your Lungs
If you have a persistent cough or cold, take warning before it is too late. Eckman's Alternative has restored to health many persons who had serious lung troubles. Head of this case.
Pittsfield, N. J.
"Gentlemen: During the winter of 1911 I contracted a severe cold which settled on my lungs. Eckman's Alternative was recommended to me and I commenced using it as directed. The first bottle seemed to give me relief. In fact, I seemed to feel worse, but I kept on using the medicine and found that the third bottle had really started me out on the road to recovery by loosening the mucus and making me expectorate the same. After using the medicine for some time, my cough ceased, I gained flesh, and today I am a well man."

SUNK BY GERMAN CRUISER

Crew of British Steamship Hyades Landed at Rio Janeiro.

NEW YORK, August 22.—News was received in shipping circles to-day that the crew of the British steamer Hyades had been landed at Rio Janeiro, and had reported their ship sunk by the German cruiser Dresden, after the war-ship's sailors had taken out all the coal on board.

The Hyades, 3,350 tons, plied between British and South American ports. Her crew was brought into Rio Janeiro by the German steamer Frussa.

are of all single causes the most prolific for the production of diseases.
Sick animals, ill health or lack of cleanliness among dairy hands, stable dirt, soiled utensils, impure drinking water, together with the warmth and dust of the stable, are the principal causes of contamination, and, as milk is the best known medium for breeding germs, these rapidly multiply into many millions.
Tuberculous diseases, scarlet fever, diphtheria, septic sore throat, and notably typhoid and other intestinal diseases are often caused by raw milk and cream, and no amount of inspection can be relied upon to prevent milk contamination at all times.
The only reliable means for preventing milk infections is pasteurization, and this simple treatment does not change the character of the milk nor affect its nutritive value or its digestibility.
We can home-pasteurize milk by bringing it to near boiling, then cool, and keep cold and covered until used.
Even entirely healthy adults who would ordinarily not be affected by impure food, if they continue drinking impure milk and cream, long enough, will eventually undermine their natural resistance and become subject to attacks of sickness, the underlying cause of which is usually not suspected.
But children, sick people and all who are in a rundown condition should in particular never drink raw milk or raw cream, nor eat ice cream made of them.
The Health Officer of the District of Columbia will furnish free information as to the average grade of safety of the milk and cream, raw or pasteurized, sold by any milk dealer in this city. There is greater uniformity in pasteurized than in raw milk, and the latter may at any time be infected.

The Steinway Piano

is unquestioned. Steinway & Sons have been appointed piano-makers to the royal and imperial courts of Great Britain, Germany, Russia, Austria, Italy, Norway, Sweden, Belgium, Saxony, Spain, Portugal, Turkey and Persia.

The French Republic has bestowed upon them the Cross of the Legion of Honor; Germany, the Order of the Red Eagle; Turkey, the Order of the Liakat; Persia, the Order of the Sun and Lion; and Norway and Sweden, the Grand National Gold Medal.

Moreover, the Steinway Piano has been enthusiastically acclaimed by the world's greatest musicians—composers, pianists, conductors, singers, critics and teachers.

We want you to come to our store and see and play the Steinway yourself. We could fill an entire newspaper with arguments as to Steinway superiority, but it would not be as convincing as an actual test by yourself. Once you try the Steinway you'll never be satisfied with any other piano. If you can't come to the store, write for catalogue.
